

The C. F. Sauer Company

*CELEBRATING THEIR
Twenty-Fifth Anniversary*

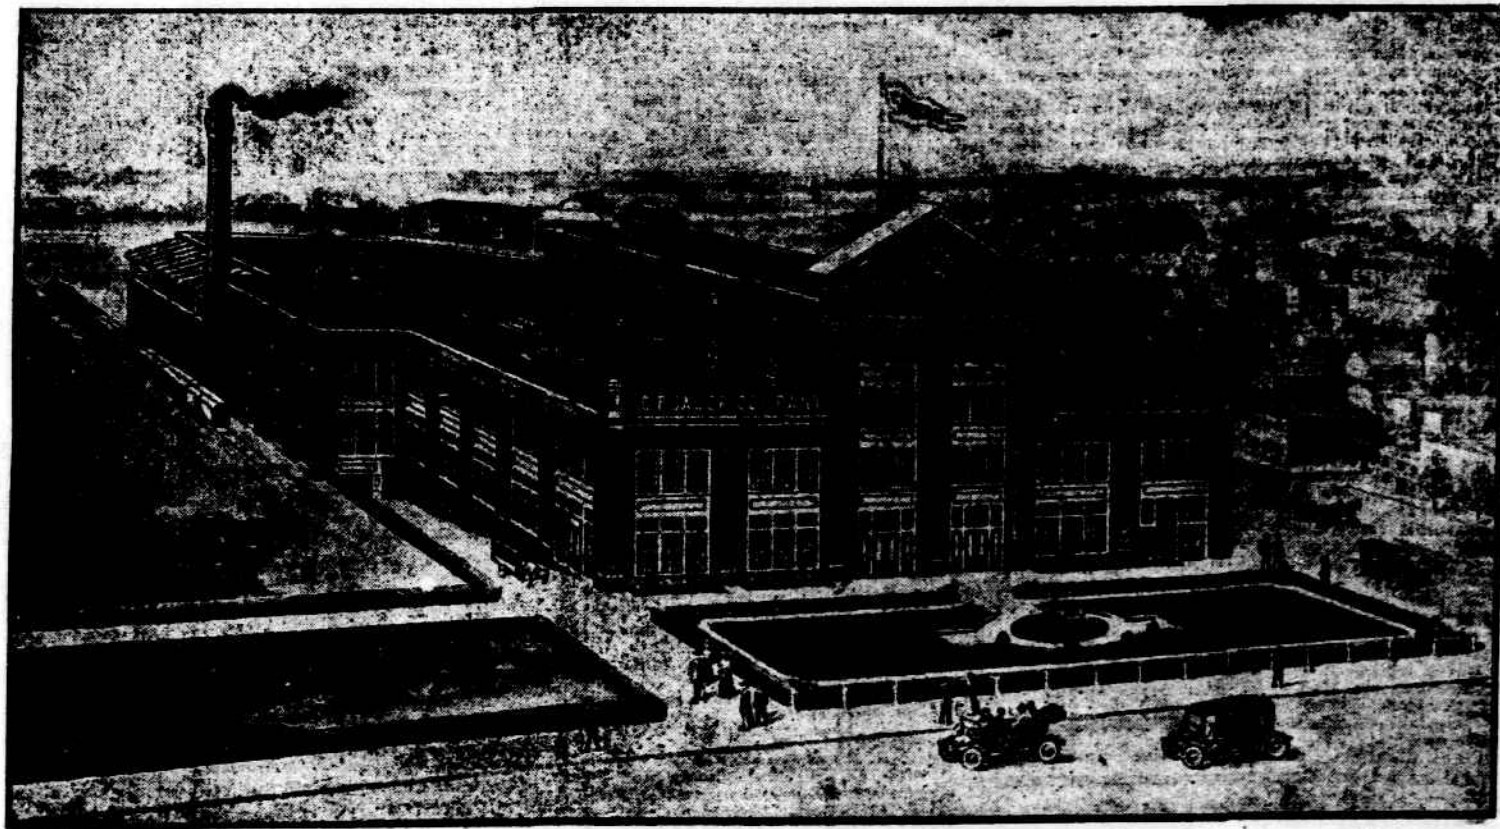

October 13th, 1912

In Their Modern, Fireproof, Sanitary Building

Twenty-five years is not a long period of time in which to develop a great business, yet in this time there have been many inventions in the world—the telephone, the automobile, wireless telegraphy, the airship, and others. The world has grown and we have grown with it; for in these twenty-five years the C. F. Sauer Company has succeeded in building up the largest selling brand of Extracts in the United States, under the name of "Sauer's."
